## . . . and MRS. PEDEN

We at Iowa State pride ourselves in having such a wonderful housemother as Mrs. Bernice Peden. You'll know what we mean when she greets you with her warm friendly smile and glowing personality.

Mrs. Peden was a member of Pi Beta Phi sorority at Vermont and has three boys of her own, one a Delt at Syracuse. Through her experience and understanding, she knows how we take to college life and is always giving a helping hand with our problems.

You're apt to meet her in the living room playing bridge, which is one of her favorite pastimes along with traveling, helping the Delts organize for a party or exchange, or you may see her cheering on a Delt intramural team at the athletic field, for her activities about the shelter are varied and numerous.

Through the years Mrs. Peden has come to mean much more to us than just a housemother. She is truly our "mother away from home."
