

Bob Ecklund Jefferson
Industrial Engineering is Bob's major. Bob has been assistant Treasurer of the house, and did a fine job as Scholarship chairman. He is also one of the top intramural tennis players in the house.

Glenn Wickstrom Athon
Glenn, a navy vet, is majoring in Electrical Engineering. He is a member of the Iowa State Players and does a lot of work in plays. Glenn is known for his rugged play in intramural sports.

SOPHOMORES

Jay W. Mitchell Des Moines
Jay is another of the architects in the house and he too has put in a great many hours preparing house decorations. He is a member of the NROTC program and a member of many of our intramural teams. He is also the assistant treasurer who hands out surprises on the first of the month.

Jack R. Kingery Des Moines
Jack is especially noted around the house for his high grades. He is in architecture and has used his talents for many house decorations. He is very active in campus affairs, being a member of Cardinal Guild, the student governing body. Jack is also co-chairman of Greek Week and is past president of Phi Eta Sigma. He is now treasurer for the house and is responsible for its smooth running.

Kenneth Roach Rock Rapids
Ken is also a freshman in Vet. Med. school. He has been quite active in house affairs, especially intramurals. His high grades have made him known around the house as one who is willing to help anyone with his studying.

Newton H. Dodds Champaign, Ill.
Newt is majoring in Ag. Business. He has been quite active in house functions. He is very active in intramurals, especially football for which he has a special talent. He has served on the social committee and, thus, is responsible for several of our successful parties.

Stephen R. Bakalyar Des Moines
Steve is a chemistry major and most of his interests lie in the field of science, except for one interest in the Alpha Gam house. He was assistant chairman and business manager of 1956 Veishea science open house. He was chairman of the 1957 Veishea physics open house and has done much work of the cyclotron that the physics club is building.

Roger N. Rietz Rowan
Rog is another of the architects in the house and, thus, was co-chairman of our Veishea float. He was a member of Phi Eta Sigma, freshman scholastic honorary. He is very active in music, being a member of Iowa State Singers and a member of our prize-winning house quartet.

Noel R. Cook Council Bluffs
A Chemical Engineer, Noel has been very active in intramurals and other house activities. He is a member of the American Institute of Chemical Engineers. He put his knowledge of photography and journalism to use in his position as editor of the Crest.

Murry C. Johnson Crystal Lake, Ill.
Murry's curriculum is Industrial Administration. He has participated in many activities including Homecoming committees and Greek Week. Besides being an expert on the subject of Chicago, Murry is very active in house intramurals.

Lewis French Des Moines
Lew is an Industrial Administration major. He has served his time with the Air Force and now cracks the whip as house manager. The student Properties Board claims most of his campus activity time since he is chairman of the Board.

Jack O'Keefe Chatham, N. J.
Jack's major is journalism, and you can usually find an article by him in the DAILY. He has been in the cast of Stars Over Veishea and has done much in the way of publicity for such events as the All Ag. Banquet, and Modern Dance Club.

John M. Sherman Stuart
Jack is a Mechanical Engineering major. He has an active interest in music and was a member of Iowa State Singers. He has been a member of several house intramural teams. He is now serving as recording secretary for the chapter.

John Cappellin Des Moines
John is another one of the brothers who leaves at daybreak to play golf. He is a mechanical engineer and quite active on our intramural teams. He serves the house as corresponding secretary and keeps us in touch with the national office.
